

VISUALIZING DATA On ThingSpeak

Ts. Dr. Razif bin Razali

Visualizing Data on ThingSpeak

- Exploring ThingSpeak's visualization options (default charts).
- Customizing charts (titles, colors, types - line, bar, gauge).
- Adding and configuring multiple charts for different data fields.
- Understanding time-series data and how ThingSpeak displays it.

Q&A, Further Learning, and Resources

Open floor for questions.

Suggestions for more complex projects (e.g., controlling an LED from ThingSpeak, using different sensors, IFTTT integration).

Recommended websites, tutorials, and communities for continued learning (e.g., Random Nerd Tutorials, Instructables, ESP8266/Arduino forums).
